

Building a better
working world

We bring extraordinary
people like you
together to build a
better working world.

We're unicorn makers and bot builders. Change agents and cyber gurus. Performance improvers and problem solvers. Data scientists and growth hackers. Risk managers and confidence builders. We're a global organization full of diverse perspectives ready to welcome yours. No matter where you are on your career journey, here you'll become a truly transformative leader - with your mindset as crucial as your skill set. At EY, above and beyond your supply chain experience, your code-writing ability or your understanding of tax codes, it's about how you collaborate on a team, and how you inspire and include others. It's about how you listen to clients, persevere when the work gets difficult, bounce back from setbacks - and that's just the beginning.

We provide the culture, the tech, the teams, the scale, the challenges, the learning and the relationships for you to personalize your career as part of a truly transformative organization. We will empower the exceptional EY experience. **It's yours to build.**

What you can do here

Assurance. Our auditors ask better questions that drive increased skepticism around financial information to protect and serve the public interest. By providing independent verification of our clients' compliance with accounting principles, they play a vital role in helping businesses accurately reflect their financial picture(s). Using market-leading analytics tools, EY auditors can look beyond the obvious, delving deeper into underlying patterns and trends to deliver powerful business insights and a high quality, risk-focused audit.

Consulting. Our consulting professionals collaborate with key decision-makers to help them make better choices. You'll have the chance to immerse yourself within organizations - from local start-ups to global conglomerates - to explore every angle and offer them fresh approaches to their pressing issues.

Strategy and Transactions. Working in diverse, high-performing teams, our Strategy and Transactions professionals enable companies to accelerate their growth by advising on connected capital solutions: strategy, corporate finance, buy and integrate, sell and separate, and reshaping results. They drive both economic and social value to help deliver purpose over profit by helping clients to make better capital decisions.

Tax. Our Tax professionals help our multinational clients meet their complex tax obligations around the globe. By helping our clients meet all their obligations, we are also helping them not only to support the communities in which they operate, but also to understand and manage the risk relating to their tax decisions.

Client Technology. Our Client Technology professionals help develop products that power EY service offerings, drive innovation to enable new technology platforms and be a thought leader in the transformative age.

Core Business Services (CBS). Our CBS professionals keep EY effective and efficient and impact across finance, marketing, HR, business development and more.

- ▶ Technology, Media & Entertainment, Telecommunications

Financial Services Industries

EY is the only public accounting organization with a separate business unit dedicated to serving the financial services sector. This structure is a differentiator in the market and allows you to express a financial services industry preference early in your career - a unique opportunity within the public accounting industry.

Government and Public Sector

As part of our Government and Public Sector team, you'll help governments adopt digital technology to create new ways of working, with the aim of achieving better outcomes for citizens and better experiences for government workers.

About EY

EY is a global leader in assurance, tax, strategy, transaction and consulting services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all of our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities.

EY refers to the global organization, and may refer to one or more, of the member firms of Ernst & Young Global Limited, each of which is a separate legal entity. Ernst & Young Global Limited, a UK company limited by guarantee, does not provide services to clients. Information about how EY collects and uses personal data and a description of the rights individuals have under data protection legislation are available via ey.com/privacy. For more information about our organization, please visit ey.com.
